

## Curriculum Vitae for: Elias DOUBBANEH

<b>Nationality :</b> Syrian	<b>Place and date of Birth :</b> KENSABBA / SYRIA 01 – 10 – 1963
<b>Sex:</b> Mail	<b>Status :</b> Married, 3 Children
<b>Address:</b> Homs-Syria	<b>E-mail:</b> eliasdoub@yahoo.com
<b>Tel, House :</b> 00963-31-2119666	<b>Mobil:</b> 00963-944-594319

### EDUCATION :

- B.SC in Civil Engineering : with a degree of very good in the year 1986, at the Faculty of Civil Engineering (Tishreen University in Lattakia).
- Post graduate (Diploma) : in 1990, at Institut National des Sciences Appliquees in Lyon – France (I.N.S.A).
- Ph. D with a degree of very honor in the year of 1995
  - Given by (I.N.S.A) Institut National des Sciences Appliquees in Lyon (france).
  - Laboratory of Research : Laboratory of Geomateriaux at (E.N.T.P.E) Ecole Nationale des Travaux Publics de l'Etat (Lyon – France).

### TEACHING:

Professor Assistant in the Faculty of Civil Engineering at the University AL-BAATH  
- Departement : Communication and Transportation engineering.

#### **MATERIAL TO TEACH:**

- The roads (for students in 3th year) 1996-2016.
- Traffic engineering (for students in 5 th year) 1996-2006.
- Computer Aided Design (for students in 5 th year) 1996-2006.
- Methodes of Scientific Research for engineers in superior studies 2000-2002.
- Advanced Methodes in roades work for engineers in superior studies 2000-2014.
- Practice works (roads) : 1992-1993 for students at E.N.T.P.E (Lyon-France).

### RESEARCH:

"Mathematical modelization for the linear visco-elastic behavior resulting from the alternate loading of bituminous mixture"  
A reserche published in the journal of AL-BAATH university Vol.26 N°2 /2004/.

## **PRACTICE EXPERIENCE:**

---

- Design of pavement layers for the project of AL HOULEH transfer line in accordance with the specifications of ministry of transportation 2003.
- Design of pavement layers for the project of AL SAOAMEH intersection roads in accordance with the specifications of ministry of transportation 2003.
- Design of pavement layers for the project of transfer line at the est of Homs 2003.
- Design of parking in the west of the Faculty of Civil Engineering at the University AL-BAATH 2003.
- Design of pavement layers for the project of KAFR LAHA 2004.
- Preparing the study and design of a road in MHEN (700 m) by the contract No 1 date 28/4/2005 with the municipality of MHEN.
- Preparing the study of the road of AL SOKHNEH–AL TAIBEH (25Km) by the contract No 13 date 8/5/2005 with the Directorate of Service Technic in Homs.
- Preparing the study and design of roads and passages in the City University of AL-BAATH in HOMS.
- The responsible of the contract 110/2004 about the realisation of traffic signs and signboard (you are here) in the general site of the University of AL-BAATH in HOMS.
- Preparing the study and design of the Interchanges at Ain-Alouzeh roundabout in Hama City (2009).
- Realization of many tests in site and in laboratory for the materials used in roads to be sure of their specifications.

## **Another Participations:**

---

- Member in the project TEMPUS (CD-JEP-31093-2003) for the Curriculum Developement for Road Design by the co-operation with Dresden University of Technology and the University of Natural Resources and Applied Life Siences at Vienna – Austria and Public Establishment of Road Communications.
- Member in the project TEMPUS (CD-JEP-34042-2006 (SafeIT)) for the Education in Road Safety supported with ICT by the co-operation with the University of Linköping in Sweden and the University of Gdansk in Poland.
- Member in the scientific committee of the 1st Syrian International Road Conference (Damascus 12-13-14/11/2006).
- Member in the scientific committee of the 2 em Syrian International Road Conference (Damascus 2009).

## **COMPUTER:**

- Good level

## **LANGUAGE:**

- Arabic : maternal language.
- English : good.

- French : very good.
